WORK EXPERIENCE

Front End Developer

Anthropic Softwares Pvt Ltd.

Sep 2024 - Present

Belagavi, Karnataka

- Contributing to full-stack web development projects, implementing features and improving functionality using technologies like Node.js and PostgreSQL.

Junior Front End Developer

Aqmenz Automation Pvt Ltd.

Aug 2023 - Nov 2023

Bangalore, Karnataka

- Developed and enhanced user interfaces for web applications using React.js and Tailwind CSS

PROJECTS

Portfolio Website

| *Live*

- Built a responsive personal portfolio using React.js and Tailwind CSS to showcase skills and projects.
- Implemented smooth navigation and clean UI/UX, ensuring responsiveness for all devices.
- Deployed the website using GitHub Pages.

Todo App

| *Live*

- Created a task management app with features to add, remove, and filter tasks.
- Used React.js for dynamic front-end and state management.
- Implemented local storage for data persistence.

MadMonkey Clone (Tailwind CSS)

| *live*

- Cloned a responsive website using Tailwind CSS, focusing on layout, typography, and responsive design principles.
- Ensured pixel-perfect design consistency across different screen sizes.

Other Small Projects

- Built small web applications such as a weather app, calculator, and JavaScript quiz.
- Practiced DOM manipulation, API integration, and JavaScript fundamentals.
